KORRIN

life unlimited

Are you looking for an engaging keynote speaker or MC?

In 2012, Korrin's life changed forever when she survived sepsis, resulting in the amputation of her hands and feet. Becoming a quadruple amputee didn't stop her - it sparked a mission to inspire others and prove that resilience can overcome any obstacle.

Korrin has motivated thousands of people worldwide through her engaging speaking events, social media presence, and as a mentor for amputees both locally and globally. Her story resonates with audiences from all walks of life, offering a powerful message of hope, perseverance, and the strength of the human spirit.

Drawing from her experiences in finance, administration, stakeholder engagement, and contracting on the APLNG Pipeline Project in Australia, Korrin connects with diverse groups, tailoring her presentations to suit any audience or setting.

By sharing her journey with honesty, humor, and heart, Korrin leaves her audiences inspired, empowered, and ready to tackle life's challenges head-on.

"Inspirational, emotional, and truly amazing! On its own, Korrin's journey of overcoming adversity is remarkable, but her ability to connect with an audience and challenge them not to let life's challenges hold you back is what sets her apart. A professional and polished speaker, Korrin delivered an engaging message which gave our team perspective on some of the daily hurdles we face in our personal and professional lives. Highly recommend!!"

- Greg Kidd, Regional Manager-Lower NI, Steel and Tube
